

Eothen Care Homes

Compassion, Comfort and Companionship

Residential and specialist
dementia care for older people,
based on Christian values.

Eothen Care Homes enhances the lives of older people by providing kind, compassionate care, comfort and a sense of community and companionship.

Founded in 1950, we are a respected, trusted and well established Christian charity. We provide residential care for older people based on Christian principles and values and we welcome residents from any denomination.

Our experienced team are committed to helping our residents live fuller, more rewarding lives, shaping care to individual needs, respecting their dignity and creating new, happy experiences.

Our routines are relaxed... and staff are free to sit and chat to residents, creating a warm, friendly atmosphere – and a place our residents can call home.

Our friendly staff can provide further information or show you around our homes. Either give us a call, or feel free to pop in!

Our specialist dementia care home in Wallsend is purpose-built for those living with dementia - and we are at the forefront of dementia care in the North East.

Our Wallsend Care Home

- Our home has been designed to allow people living with dementia to move around freely but securely. This enhances their everyday lives, allowing them greater independence than they may experience elsewhere.
- We create a 'home away from home' bringing comfort to both residents and their relatives.
- We adopt the Butterfly Model of Care and **Household Living**, which enables staff to work with residents more closely, so they can understand their personalities and needs.
- Facilities include large, comfortable bedrooms, en suites with shower, a hair salon, guest room, chapel, café, pub, library, potting shed and greenhouse.
- Set in beautiful spacious grounds, our gardens have special reminiscence areas, and a south-facing outdoor terrace.
- Residents can enjoy a range of sensory experiences, daily activities and events.

- Our experienced chefs understand the importance of preparing and serving nutritious food to residents living with dementia.
- With easy access to the A1058 Coast Road, it is very well connected to North Tyneside, Newcastle and the wider North East.
